

Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Monday 21 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:

Brightening up on Monday. Some sunshine on Tuesday.

Today:

Cloudy with outbreaks of light rain or drizzle, along with hill fog over high ground. Becoming drier and brighter from the north during the afternoon, with possible spells of sunshine late in Northumberland. Maximum temperature 13 deg C (55 deg F).

Tonight:

Some late spells of sunshine, any cloud clearing south during the evening. Largely clear but chilly overnight, with light winds and temperatures falling into single digit figures. Minimum temperature 6 deg C (43 deg F).

Tuesday:

A fine morning with plenty of sunshine. Slightly cloudier in the afternoon, but dry and feeling warm in any spells of sunshine. Cooler by the sea. Maximum temperature 20 deg C (68 deg F).

Outlook for Wednesday to Friday:

Generally cloudy and cool during this period, with outbreaks of rain at times, particularly over high ground. Perhaps drier on Thursday, with bright or sunny spells in the east.
